vicaima
Doors inspired by life

Founded over 60 years ago, Vicaima is currently a Portuguese leader and one of the main European players in the design and production of interior door solutions, frames, wardrobes, and customized furniture elements. With a direct presence in the United Kingdom and Spain, the company manufactures around 1.5 million doors annually, exporting more than 95% of its products and offering innovative solutions for numerous sectors, such as hotels, housing, education, medical and commercial applications.

Sustainability and environmental commitment are two pillars of the Vicaima business. From promoting the use of technologies and materials that minimize pollution to the use of raw materials from certified or controlled forests, the brand adopts practices with the least impact on the environment.
